Undercover in Petland Wichita July 2022

Merlin ID: 580075

Caption

Images taken using a hidden camera in Petland Wichita stores in July 2022 show a listless puppy who appeared to be ill, and whose documentation indicated he did not come from a USDA-licensed and inspected breeder, but from a "hobby" breeder in Ohio. Employees shared misleading statements about the quality of their breeders and the number of inspections they undergo. They also described high interest rates for the puppies.
